FIELD TRIP DESCRIPTIONS:

1. **Dafen Art Village & OCT, Shenzhen**

   Shenzhen Trip will be consisted of two major destinations. The Dafen (大芬村) sample including visiting Dafen art museum: is A rural village's transformation and survival with global influences under rapid urbanization of Shenzhen City. The Second area OCT (华侨城) developments, where began in the 80s, is a very successful example which integrates traditional Chinese culture, Chinese folk culture with the World cultural essences, featuring theme parks including "Splendid China" (锦绣中华), "Chinese Folk Culture Village" (民族文化村), "Window of the World" (世界之窗) and "Happy Valley" (欢乐谷).

   Date: 11 March (Tue), full day
   Quota: 15-20 students
   Tutor: Ivor Wang

2. **Visit to Foster+ Partners office & Talk on West Kowloon Cultural District (WKCD)**

   West Kowloon Cultural District (WKCD) – the largest cultural initiative of its kind in the world – will establish a major centre for music, performing and visual arts on a dramatic harbour-front site in the heart of Hong Kong. World renowned British architecture firm Foster + Partners has been selected to be the winner of the masterplan for the WKCD. Foster + Partners has a long history with Hong Kong, having previously designed the HSBC headquarters and the Chek Lap Kok airport. Its “City Park” plan will play in the district’s success, which capture and recreate the energy and unique urban character of Hong Kong, integrating the cultural venues with the everyday life of the city. To learn more about how WKCD will take shape, we will make a visit to the Foster + Partners office in Admiralty and the leading architect of the design team will be presenting the 'City Park' concept for the West Kowloon master plan.

   Date: 12 March (Wed), AM
   Quota: 15-20 students
   Tutor: Athena Chau

3. **Hong Kong International Terminals (HIT)**

   Situated in the Kwai Tsing Container Port area of Hong Kong, the Kwai Tsing Container Terminals was rated one of the world’s busiest port terminals, handling over 60% of all container traffic in Hong Kong. The area currently consists of 9 terminals and 24 berths that are operated by 5 different logistic companies, covering an approximate area of 2.7 square kilometres of land. There are current development plans to implement a 10th container terminal in Lantau Island or Tsing Yi in the near future. Established in 1969, Hong Kong International Terminals (HIT) is one of the 5 major operators at KWCT. It manages and operates twelve berths at Terminals 4, 6, 7 and 9. They are responsible for the continual development of establishing and expanding logistics and transportation networks into China and around the world, while ensuring the smooth and efficient process of handling of large container cargo on a day-to-day basis.

   Date: 13 March (Thurs), PM
   Quota: 34 students
   Tutor: Juliana Kei
4. Asia Society Hong Kong Center

Founded by the Rockefeller family, the Asia Society is an American non-profit organization aiming at the promotion of Asian arts. It has about 10 different centres all over the globe, all managed by its headquarter in New York. The Hong Kong Asia Society was opened in 2011. The centre was designed by renowned American architect Tod Williams and Billie Tsien. The site of the gallery was used to be a British military arsenal and the new architecture has incorporated many historical buildings in its design.

Date: 14 March (Fri), PM
Quota: 40 students
Tutor: May Ho

5. Hong Kong International Airport (HKIA)

Sited in Chek Lap Kok covering an reclaimed area of 1,255 hectares, the Hong Kong International Airport serves as the main international airport for Hong Kong with over 100 airlines operating flights to about 180 locations worldwide, including 44 destinations to Mainland. Each year, it serves more than 59.9 million passengers and handles over 4.12 million tonnes of cargo. Ever since its completion in 1998, the HKIA continued to expands its service with an addition of Terminal 2 in 2007, North Satellite concourse in 2009 and construction of the third runway will be completed as part of their 2030 masterplan. The visit will take you behind the scene to understand the operation and expansion of this one of the most busiest airport in the world.

Date: 9 April (Wed), PM
Quota: 39 students

* For students who choose to visit HKIA, you will miss the ‘movie screening’ lecture and will be required to attend the make-up class for ‘movie screening’ on 10 Mar (Mon), PM
Tutor: Chelsea Chan
