

## BEST Essay Award for Materials in Oral Health

To provide an opportunity for learners to expand their horizon and scope of learning in the Materials in Oral Health course, we offer an Honors Track option with two Honors Lessons. Each Honors Lesson has an Essay assignment for learners.

The BEST Essay for each assignment will be selected for publication in major scholarly publications with the chief instructors, Professor Jukka Matinlinna and Dr. James Tsoi of the course.

### **(1) Honors Essay 1H:**

**Essay Topic:** Why silicon and related compounds are important in medicine and dentistry?

**Due Date: May 9 2017 11:59PM PT**

### **(2) Honors Essay 4H:**

**Essay Topic:** Critique on microtensile bond strength test

**Due Date: May 21 2017 11:59PM PT**

### **Requirement:**

- (1)** Each Essay should be written in English in 400-600 words.
- (2)** Make sure you include clear [Citing and Reference in Vancouver Style](#).
- (3)** Each Essay should be submitted through Honors Assignment in the course.

Please refer to the [Honors Lesson](#) in [Materials in Oral Health](#) for more details.
